

Indian Institute of Technology Tirupati

About Institute

Indian Institute of Technology Tirupati is the first among the 3rd phase of IITs, announced in 2014, to have its foundation stone laid in March 2015. IIT Tirupati started functioning with the support of its mentoring institute, IIT Madras, from the academic year of 2015-2016. The academic programs consist of B.Tech, M.Tech, M.S. and PhD in the fields of Civil Engineering, Computer Science & Engineering, Electrical Engineering, Mechanical Engineering and Chemical Engineering.

About Mechanical Engineering Department

The Department of Mechanical Engineering at IIT Tirupati started functioning from the inception of the institute. Department comprises thirteen full-time faculty members, twelve staff members and is home to about two-hundred undergraduate students, and more than sixty graduate students. Faculty members are actively engaged in teaching, research, and consultancy projects. Our faculty also collaborate extensively with colleagues and peers in other national, international institutions, research organizations and industries.

Our major thrust areas in research include Advanced Manufacturing, Advanced Materials, Renewable Energy, Theoretical and Applied Mechanics and Precision Agriculture and Food Processing.
