

About iNiF

To harness the potential of the next generation technologies and make India a leading player in Cyber-Physical Systems (CPS), the Union Cabinet approved the National Mission on Interdisciplinary Cyber-Physical Systems (NM-ICPS) to be implemented by DST. The Mission aims to create a strong foundation and a seamless ecosystem for CPS technologies by coordinating and integrating nationwide efforts encompassing knowledge generation, translation research, technology, product development, human resource development, innovation & commercialization standards, and international collaborations. **IIT Tirupati Navavishkar I-Hub Foundation (iNiF)**, a not-for-profit Section-8 company, has been set up to host the Technology Innovation Hub (TIH) in **Positioning and Precision Technology (PPT)**.

Positioning and Precision Technologies (PPTs) are indispensable tools for monitoring, integrating, and analyzing spatially and temporally distributed resources to aid in effective decision-making across multiple domains. The TIH on PPT at IIT Tirupati will provide a unique platform for researchers, industries, stakeholders and end-users across multiple disciplines. The TIH aims to become a top contributor to many Government of India initiatives such as Make in India, Atmanirbhar Bharat Abhiyaan and making India a self-reliant in PPT. The TIH on PPT will contribute in i) technology development; ii) applications; iii) human resource development; iv) start-ups; and v) international collaborations. The Hub will majorly focus on: 1) Developing atomic clocks for GPS and navigation systems and its applications; 2) Defence applications; 3) Precision agriculture; 4) Indoor positioning systems; 5) Disaster management; 6) Resource management; 7) Image processing; 8) Smart cities.

About CHANAKYA-Post-Graduation Fellowship

iNiF, DST and IIT Tirupati believe that human resource development has to be the heart of the NM-ICPS which includes encouraging and involving students and faculty of the technical institutes to solve industry problems, training graduates to fill the gap between academia and industry, creating pool of trained professionals. The goals of HRD can be ensured under the programme **Comprehensive and Holistic Advancement of National Knowledge Yield and Analytics (CHANAKYA)**. iNiF at IIT Tirupati invites innovative and entrepreneurial ideas from motivated students for CHANAKYA-Post-Graduation Fellowships (CHANAKYA-PGF) who would like to work in the broad areas of Positioning and Precision Technology.

Call for Proposal from PG students

Proposals are invited from individual PG students or a team of PG students (maximum 2 students from different disciplines) in the following verticals.

TIH-PPT Verticals

- Remote Sensing and Image Processing
- Quantum Technologies for Positioning
- Natural Resource Management
- Smart and Sustainable Cities
- Defence Applications
- Imaging Spectroscopy
- Precision Agriculture
- Disaster Management
- Visualization Tools

Eligibility Criteria

- M. Tech./M.E./M.S. or any equivalent degree pursuing students of any discipline in their 1st to 3rd Semester of their degree can apply
- A minimum 7.5 CGPA or 75% equivalent must be obtained till the last semester
- Integrated M.Sc./B.S.-M.S. and equivalent students in their 7th to 9th semester are also eligible to apply
- The student must be enrolled in an CFTI or UGC/AICTE approved institutions
- Must have a valid GATE Score

Project Selection Process

- Based on the originality, contributing to solving locally and socially relevant problems aligned with PPT
- Project proposal includes problem statement, technical merit, feasibility, project plan, milestones and outcomes

Project Monitoring Process

- Monthly progress report and quarterly presentation
- Fellowship is strictly subject to satisfactory progress during reviews

Opportunities

- Performing experiments in TIH Laboratories
- Attending workshops/seminar/colloquium during the project period
- Conference fee concession for TIH organized conferences
- Student member of TIH
- Funds to create startup or incubation based on technology ready outcomes
- Interact with industries working on the PPT domain
- Get chances to work on MoU partnered Industry and R&D Institution

For More Details and FAQ

<https://tihppt.iittp.ac.in/faq.html>

Proposals are invited with original ideas from PG students to solve socially relevant problems aligned with PPT

Monthly fellowship: Rs. 12, 400/- per month
(Includes stipend, contingency and travel)

Maximum Duration of the Fellowship: 24 Months

Proposal Template can be downloaded from <https://tihppt.iittp.ac.in/CHANAKYA-PGF-Template.docx>

Deadline for Proposal Submission
6 January 2022

Proposal Should be uploaded in the following URL:
<https://forms.gle/X5V1Mh5NYzWfXPbs5>

Contact: IIT Tirupati Navavishkar I-Hub Foundation, Indian Institute of Technology Tirupati, Yerpedu - Venkatagiri Road, Yerpedu Post, Chittoor District, Andhra Pradesh - 517619

Website: <https://tihppt.iittp.ac.in>

Email: tihppt@iittp.ac.in

Note: iNiF reserves all rights to revise the eligibility criteria, reject any proposal without assigning reason at any time
